Portland, Oregon 97239-3098 (503) 494-3445

**APPLICATION FOR ADMISSION
RADIATION THERAPY PROGRAM**

Applications may be submitted only between January 1 and March 1.

The applicant must assemble and mail completed packet of admission materials to the Radiation Therapy Program. The Program will not receive recommendations or transcripts under separate cover. The packet you assemble should contain all credentials pertinent to your application. Carefully read the following instructions, double check that all items are included in the packet prior to mailing.

TO APPLY:

TYPE or print legibly the application; write your legal signature in the appropriate space.

INCLUDE college transcripts with your application. Request the Registrar of each college you have attended to submit to you official transcript(s) showing completion of academic work through the fall session. These transcripts should be mailed to you! **Do not open** envelopes in which transcripts are received! For our purpose they are **official if seal is not broken!**

INCLUDE 3 recommendation letters with your application. Individuals you choose to write recommendations should return completed form to you in a sealed envelope with their signature across the sealed flap. Distribute recommendations to persons who know you sufficiently well to give an accurate estimate of your qualifications. If you are attending an institution which provides a Committee Evaluation Report, this report will be accepted in lieu of the enclosed recommendation forms.

INCLUDE with your application a typed statement describing time spent observing in a radiation oncology department (40 hours of observation is required). Other points you may wish to discuss are reasons you want to enter the program, future goals, science oriented activities, non-science or vocational interests and other salient points that make you a unique individual.

RETURN the completed application, official transcript(s), letters of recommendation, personal statement and a \$60.00 non-refundable application fee made payable to OHSU to Radiation Therapy Program, GH, 3181 S.W. Sam Jackson Park Road, Portland, Oregon 97239-3098. If you wish notification of receipt of your application, enclose a self addressed, stamped post card.

The Radiation Therapy Admissions Committee will review applications in early March and interview invitations will be mailed soon thereafter. Notification regarding admission will be forwarded to applicants in May.

Students admitted to the Radiation Therapy Program at OHSU must have completed, prior to matriculation, 90 transferable quarter hours at an accredited community college, college, and/or university. Although students may apply while in the process of completing the admission requirements, those admitted will provide a final transcript prior to registration at OHSU showing the completion of requirements. Applicants who are or will be a recipient of an Associate Degree in Radiologic Technology need only complete college algebra in respect to the admission requirements; any degree requirements must be completed prior to graduation if these requirements have not already been completed.

PLAN AHEAD:

A student seeking admission who needs financial aid should complete the Free Application for Federal Student Aid in early January, and request the evaluation report to be sent to the Office of Student Financial Aid, OHSU. To obtain a financial aid packet, call (503) 494-7800. One should not wait for an "admission offer" to apply for aid.

Student housing questions are directed to (503) 494-7747.
